Call **Toll-FREE:**

Where will your Tiny House take you?

Complete with a sleeping loft, kitchen, and bathroom, this design has it all. Built similar to a Recreational Vehicle (RV), our Tiny House can satisfy your mobile home needs. The crossgable roof pattern with dormers provides ample headroom in the two lofts.

The Tiny House is available assembled and ready to deliver. Because it is completely built here at our manufacturing facility by our professional carpenters, the options for customization are abundant. A composting toilet and solar package will give you the amenities of home, while allowing you to remain "off the grid" in your tiny house. Pick it up yourself! This road-legal Tiny House can be moved with a standard pick-up truck.
