

# 8x16 Sugar Shack

Call **Toll-FREE:** 1.866.297.3760

A traditional New England design, the sugar shack is still used today to boil maple syrup. This design features a decorative cupola with the option to upgrade to a functional, venting cupola. Whether you intend to use this building as a working Sugar Shack, simple storage or a workshop, the Sugar Shack design is an asset to any landscape.

All of our wood sheds, storage sheds, garden sheds, cottages and utility enclosures are built of the finest Vermont lumber and handcrafted for long life and durability. New England weather can really put a wood garden shed or cottage to the test, and Jamaica Cottage Shop's products have proven to stand the test of time.

### Additional Options

4x8 Functional Cupola      \$200

Single JCS Built Door      \$210

See our options pricing on our website for more

### Plans      \$50.00

Jamaica Cottage Shop, Inc. engineered the plans for our designs to do-it-yourself homeowners. The detailed plans include foundation options, a shopping list, and a color coded cut list. The trigonometry of the roof triangles has all been simplified with tracing the cut out roof templates. The plans are set for full dimensional lumber and provide a clear step-by-step path.

### Pre-Cut Kit      \$5,730

The rough sawn native Vermont lumber package has all the pieces cut and ready for assembly. The fasteners, hardware, windows, and doors are included as well as the step by step plans. The kit is geared to a do-it-yourself homeowner with beginner knowledge of carpentry.
